

FSDA Copyright 2010 European Union, Università degli Studi di Parma.

FSDA is open source software, developed by Marco Riani, Domenico Perrotta, Francesca Torti and Vytis Kopustinskas, licensed under the terms of the European Union Public Licence (EURL) version 1.1 or, as soon as they will be approved by the European Commission, subsequent versions of the EURL (the Licence).

You may not use this work except in compliance with this Licence. The file `eupllicense.pdf` in the installation directory contains the Licence text. You also may obtain a copy of the Licence on: <http://ec.europa.eu/idabc/eupl>

We request that proper credit is given to the copyright and authorship for FSDA. This includes adding the following copyright notice to the beginning of your source code files, and to any copyright notice that you may distribute with programs based on this work:

Copyright 2010 European Union, Università degli Studi di Parma

FSDA is being made available by the JRC and the University of Parma as a service to the worldwide scientific and regulatory communities. The JRC, the University of Parma and the authors provide no technical support, warranties or remedies for this software. The European Union, the University of Parma and the authors shall not be liable to the user or any third party for any direct or indirect, special, incidental, punitive, cover or consequential damages, arising out of the use of, or inability to use FSDA.

The following programs were used for the development of FSDA:

1) `selectdata`: routine written by John D'errico under the BSD license that can be found in the Mathworks page
<http://www.mathworks.com/matlabcentral/fileexchange/13857>.

The associated BSD licence can be found at
http://www.mathworks.com/matlabcentral/fileexchange/view_license?file_info_id=13857

2) `clickableLegend`: function written by Ameya Deoras under the BSD license that can be found in the Mathworks page
http://www.mathworks.com/matlabcentral/fix_files/21799/1/clickableLegend.m

The associated BSD licence can be found at
http://www.mathworks.com/matlabcentral/fileexchange/view_license?file_info_id=21799
